

Certifications

- **Microsoft 365 Administrator (MS-102) Exam Passed** | Feb 7, 2026
- **Microsoft Certified: Azure Administrator Associate (AZ-104)** | Expires 2027
- **Cisco Certified Network Associate (CCNA 200-301)** | Expires 2029

Technical Skills

Microsoft 365 | Exchange Online | Teams | SharePoint | OneDrive | Entra ID | Azure | Intune | Active Directory | Group Policy | Windows Server | DNS/DHCP | PowerShell | VMware | Citrix | VoIP | Hosted PBX | GoToConnect | Polycom | CoreNexa | Cradlepoint | Meraki | Fortinet/FortiClient | NinjaOne | ConnectWise | N-able | Auvik | IT Glue | PrinterLogic | CodeTwo | ServiceNow

Experience

Systems Administrator

Interdev, Roswell, GA

Jun 2023 to Jan 2025

- Supported City of Milton police, fire, and city hall operations across 250+ endpoints, 30+ VMs, 300+ mobile devices, VoIP, and on-call public safety incidents.
- Provided Tier II Microsoft 365 and Entra ID administration across Exchange Online, SharePoint, OneDrive, Teams, account lifecycle, licensing, access, sync issues, and data recovery.
- Administered Intune configuration profiles, compliance policies, update rings, and enrollment workflows across municipal endpoints, correcting policy drift and improving endpoint governance.
- Supported hosted PBX and VoIP escalations including call routing, ring groups, extension changes, call-flow updates, Polycom hardware, legacy PBX audits, and multi-site GoToConnect cutovers.
- Developed PowerShell automation through NinjaOne RMM, including silent FortiClient remediation for a city-wide VPN outage and registry audit tooling for public safety application tracking.
- Resolved a multi-user application access incident by isolating the issue to a SonicWall geolocation policy misconfiguration, applying the correct whitelist, restoring access, and documenting root cause.

Career Development

Jan 2025 to Present

- Degree completion, certification study, and infrastructure lab development
- Focused on B.S. Cybersecurity completion, AZ-104, MS-102, CCNA, and public Cisco CML, Azure, Microsoft 365, Intune, and sysadmin lab documentation.

Associate Systems Administrator

1Path, Atlanta, GA

Oct 2022 to Jun 2023

- Administered Microsoft 365 environments for healthcare clients including Piedmont Healthcare and Emerus, managing mailbox provisioning, Teams permissions, Entra ID group membership, and license management under strict SLA compliance requirements.
- Handled MACD operations and onboarding/offboarding workflows across Active Directory, Entra ID, and Microsoft 365 for 400+ user actions, while ranking among team leaders in ticket closures and logged support hours.
- Delivered SLA-driven remote support across Windows, Microsoft 365, Active Directory, Citrix, and N-able, averaging 12 to 15 tickets per day with peak days exceeding 20.

IT Technician / Contracted

Atrium Hospital, Rome, GA

Jan 2022 to Oct 2022

- Provided Tier I Epic, Citrix, Windows, hardware, and peripheral support across 40+ hospital locations for 300+ users; used System Center and ServiceNow for remote diagnostics, documentation, and new-hire training.

Projects

- Built Cisco CML, Azure, Windows Server, Microsoft 365, and Intune labs covering VLANs, trunks, EtherChannel, OSPF, NAT, ASA behavior, identity lifecycle workflows, endpoint governance, and documented runbooks.

Education & Professional Development

- Bachelor of Science in Cybersecurity, Kennesaw State University
- In progress; seven online courses remain.
